Dear Prospective Clients of Old Town Tile,

Old Town Tile did an incredible job and allowed us to achieve our "*dream home*" at a very affordable price. Their professionalism and workmanship is truly the best we've ever seen. Friends continually *oohh* and *aahh* over the beauty of our remodel which includes: entrance, hallways, kitchen "heated" travertine floors, slate rec room, granite counter tops, two custom designed fireplaces, not to mention 4 bathrooms--including one master steam shower. Once we saw the outstanding craftsmanship, we couldn't stop! We sent Ron and his crew over to our boat where we had this *craftsman* now working aboard our *ship*. He proceeded to tile our 3 heads and install granite in the galley. He can do it all. From what I now know, if there were a wait list, we'd wait---he's that good. One only needs to take a moment to look at the photos and realize that OTT is a stellar company superior to the competition. A picture is worth a million words. Their remodels are truly stunning works of art. What talented individuals!

A PERFECT MASTERPIECE delivered on time from a gifted company with integrity taking pride in their work. We will continue to highly recommend OTT to our closest friends and family. We were blessed the day that Ron Holloway walked into our lives. Thank you Ron and crew.

Sincerely,

Dave and Peggy Kennel
